

RARE

Cielo

Terra

^{IT} Terracielo è la soluzione d'arredo essenziale per l'ambiente doccia a tutta altezza. Evoluzione di RARESystem, il sistema doccia integrato dove gli elementi piatto, cabina e profilo sono coordinati tra loro, la soluzione Terracielo è concepita per i progetti su misura, con profili ad incasso totale anche a soffitto. La versatilità progettuale di Terracielo è sottolineata dalla libera combinazione tra le ante scorrevoli, le porte a bilico, a battente e le pareti fisse. Il cristallo diventa il protagonista di questo sistema, con la possibilità di realizzarlo direttamente presso il proprio fornitore di fiducia. RARE fornisce tutto il supporto utile affinché la realizzazione possa avvenire in tempi brevi e con la massima precisione.

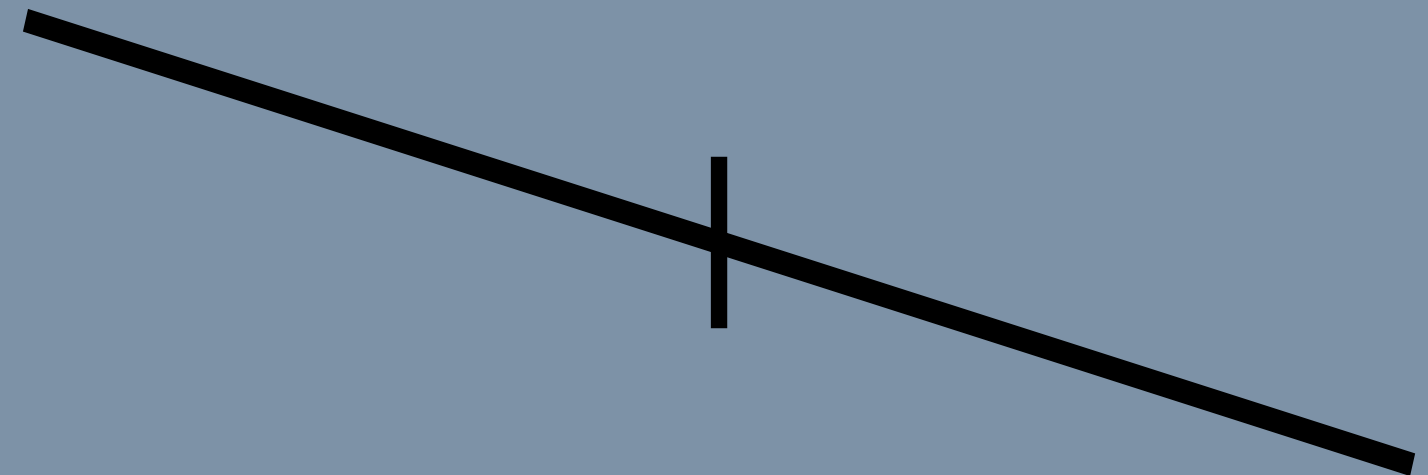

^{EN} — Terracielo is the essential furnishing solution for a full-height shower environment. An evolution of RARESystem, the integrated shower system where the tray, enclosure, and profile elements are coordinated with each other. The Terracielo solution is designed for custom projects, with fully recessed profiles, even in the ceiling. The design versatility of Terracielo is best expressed in the free combination of sliding doors, pivot doors, hinged doors and fixed walls. Crystal is the main element of this system, with the possibility of making it directly at your trusted supplier. RARE provides all the useful support so that the realization can take place quickly and with the utmost precision.

28	Fisso — Fixed

IT Quattro soluzioni per infinite combinazioni con materiali diversi. Terracielo esalta l'architettura dell'ambiente bagno, garantendo equilibrio tra libertà progettuale e rigore di produzione. — Four glasses solutions, for

EN infinite design. Terracielo enhances the bathroom architecture, ensuring a direct relationship between the freedom to imagine new spaces and the rigor in producing them.

Bilico

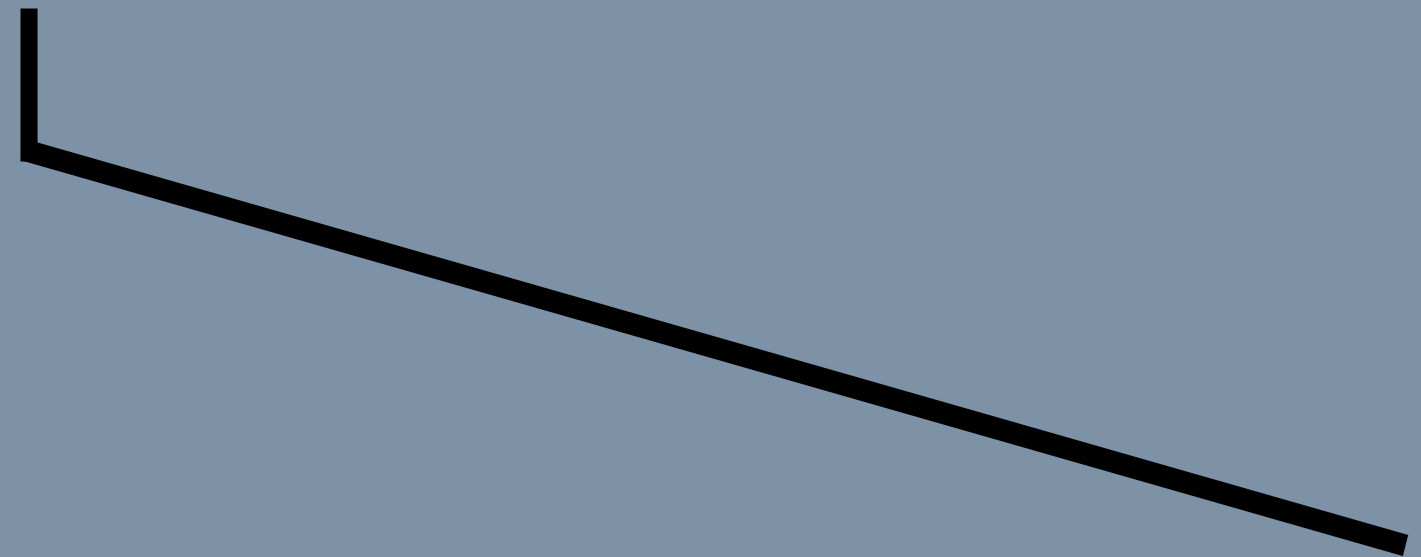

Pivot

- ^{IT} Bilico si integra con l'architettura degli ambienti, creando soluzioni a tutta altezza di forte impatto. La cerniera verticale evolve in perno a soffitto e a pavimento, per un'apertura a tirare o spingere. —
- ^{EN} Integrating with the architecture Bilico creates a striking full-height solutions. The vertical hinge evolves into ceiling and floor pivots for pull or push opening.

Battente

- IT Disponibile in versione muro-vetro e vetro-vetro,
il sistema a battente apre a diverse combinazioni
sempre su misura e di design. — Available in
- EN wall-to-glass and glass-to-glass versions, the hinged
system opens up to a variety of combinations that are
always custom and design-driven.

Hinged

IT Con il suo forte valore scenografico, la soluzione scorrevole è ideale per zone doccia di grandi dimensioni. Innovative soluzioni tecniche, garantiscono semplicità d'installazione ed affidabilità nel tempo.

EN — With its strong scenic value, the sliding solution is ideal for large shower areas. Being an innovative technical solutions, ensure ease of installation and reliability over time.

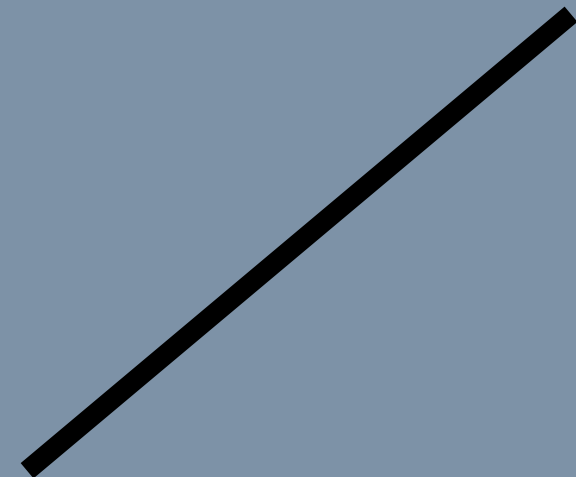

IT Minimalismo architettonico per antonomasia il vetro fisso, elemento unico ed essenziale, è una soluzione imprescindibile. Una soluzione che disegna e definisce gli spazi nella massima libertà progettuale.

EN — A unique and essential element: a fixed glass is an indispensable solution per architectural excellence. A solution that designs and defines spaces in maximum design freedom.

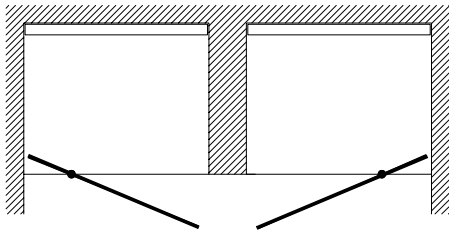

Panoramica

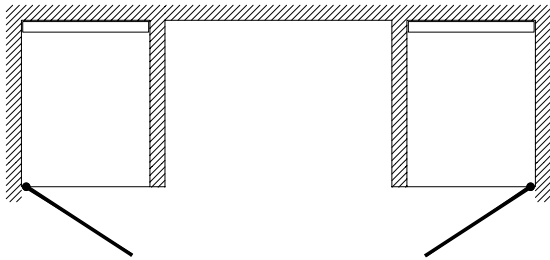

Overview

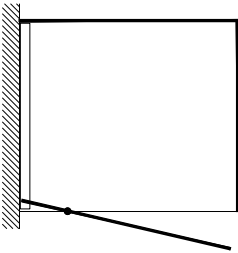

Doppio ambiente doccia in nicchia, con aperture a bilico, perfettamente simmetrico. Cristallo satinato 120X300 cm. Piatto Ad hoc rivestito in cementine, in coordinato con la parete. — EN Niche double shower room, with pivot openings, perfectly symmetrical. Satin crystal 120X300 cm. Ad hoc tray covered in cementine, matching the wall.

Img P08 / Bilico—Pivot

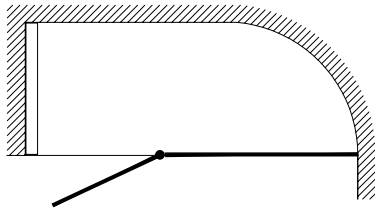

Doppia nicchia con cerniera vetro/muro. I cristalli misurano entrambi 80X240 cm, in finitura satinata per l'ambiente bagno e trasparente per l'ambiente doccia. Qui il piatto Ad Hoc è rivestito in ceppo di Gre e le pareti doccia sono stuccate. — EN A double niche with a glass/wall hinged system, where the crystals both measure 80X240 cm, with a satin finish on the bathroom door and a transparent finish on the shower. The Ad Hoc tray is covered in ceppo di Gre while the shower walls are grouted.

Img P14 / Battente—Hinged

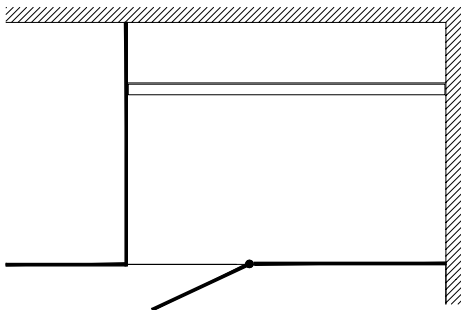

Luminosa doccia fatta per tre lati di cristalli trasparenti con apertura a bilico di 160X270 cm. Il piatto Ad Hoc è qui rivestito in marmo verde, a contrasto con la parete in resina. — EN Bright shower made for three sides of transparent crystal glass with a 160X270 cm pivot opening. The Ad Hoc tray is here covered in green marble, contrasting with the resin wall.

Img P11 / Bilico—Pivot

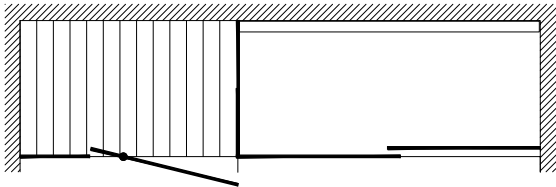

Apertura a battente vetro/vetro 80X240 cm per questa doccia ad angolo curvo. Il vetro fisso misura 120X240 cm, inserito a parete con profilo a incasso. Oltre il vetro trasparente, il mosaico, chiaro e luminoso, riveste tutte le superfici dell'ambiente doccia, dalle pareti al piatto Ad Hoc. — EN A hinged glass/glass opening in 80X240 cm size made the perfect solution for this curved corner shower. The fixed glass measures 120X240 cm, inserted into the wall with a recessed profile. Beyond the transparent glass, the clear and bright mosaic covers all surfaces of the shower environment.

Img P17 / Battente—Hinged

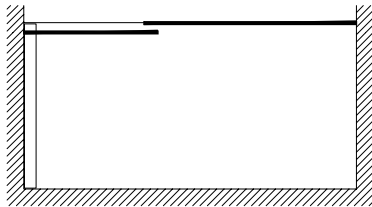

Doccia doppia, con apertura unica, a battente vetro/vetro. Il cristallo che si apre è 80X240 cm mentre il fisso misura 130X240 cm, entrambi in vetro trasparente sono una parete di luce. I profili ad incasso scompaiono nelle pareti in travertino e nel pavimento a piastrelle di marmo che riveste il piatto Ad Hoc. — EN Double shower with a single opening hinged glass/glass. The glass that opens is 80X240 cm while the fixed measures 130X240 cm, both in transparent finish. The recessed profiles disappear into the travertine walls and into the marble tile floor covering the Ad Hoc tray.

Img P18 / Battente—Hinged

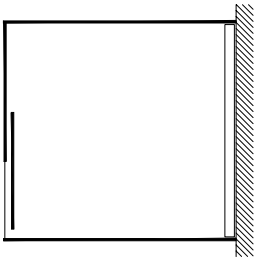

Il bilico scelto per la zona sauna si accosta al sistema scorrevole dell'ampio ambiente doccia. I cristalli, fuori scala, misurano 200X300 cm a destra e 145X300 cm a sinistra, entrambi in vetro trasparente, finiti con profili a incasso. In sauna il pavimento è RARE Steel, in caldo legno, mentre in doccia il piatto Ad Hoc è rivestito in travertino, e le pareti resinate. — EN The pivot system for the sauna area is juxtaposed with the sliding system of the large shower. The off-scale glasses have different sizes: 200X300 cm on the right, 145X300 cm on the left, both in transparent finish, with recessed profiles. The sauna's floor is a RARE Steel, in warm Iroko wood, while in the shower the Ad Hoc tray is covered in travertine, and the walls resined.

Img P24 / Scorrevole—Sliding

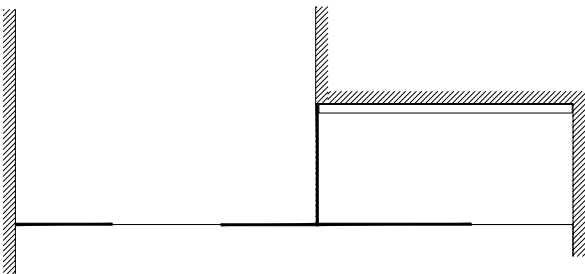

Apertura scorrevole per una nicchia con vista. Il cristallo trasparente è alto 240 cm per valorizzare l'intero ambiente doccia, rivestito con lastre di gres dalle pareti al piatto Ad Hoc. — EN A sliding opening for a niche shower with a view. The crystal is in transparent finish, 240 cm high, made to enhance the entire shower environment, covered with stoneware slabs from the walls to the Ad Hoc tray.

Img P23 / Scorrevole—Sliding

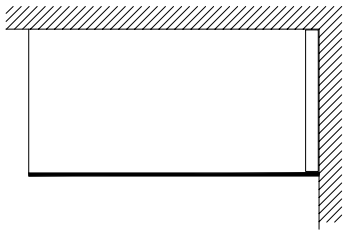

Soluzione scorrevole per un ambiente aperto su tre lati, un cubo di cristallo e marmo. La pietra riveste il piatto Ad Hoc e la parete doccia. Il cristallo trasparente si apre sul lato più lungo 160X270 cm. — EN Sliding solution for three sides open cube made of crystal and marble. Stone covers the Ad Hoc tray and shower wall. Transparent crystal opens on the longest side 160X270 cm.

Img P27 / Scorrevole—Sliding

L'ambiente aperto sulla vasca è incorniciato da due elementi fissi ciascuno di 80X270 cm e l'ampia doccia, prolungamento della soluzione fissa, è chiusa da un elegante fisso trasparente di 110X270 cm. Nella doccia, a rivestire l'intero ambiente, dal piatto Ad Hoc alle pareti, un inatteso cemento rigato.—EN An open space tub on the left is framed by two fixed elements each measuring 80X270 cm, as well as the large shower on the right is enclosed by an elegant 110X270 cm transparent fixed element. An unexpected striped concrete choice lines the entire environment, from the Ad Hoc tray to the walls.

Img P30 / Fisso—Open

Il vetro fisso nelle sue dimensioni 160X240 cm e con la sua finitura fumè disegna con leggerezza e precisione l'ambiente doccia aperto. Il cemento rosa, scelto per l'intero ambiente doccia, compreso il piatto Ad Hoc, finisce la scena.—EN A fixed glass, 160X240 cm size, with a smoked finish, lightly and precisely designs this open shower. The result makes the pink concrete is the protagonist in the entire room, including the Ad Hoc tray.
